Professional Summary

Computer Science undergraduate with strong communication, coordination, and problem-solving skills, along with experience in structured reporting, documentation, and data handling. Experienced in cross-functional stakeholder coordination as PR & Outreach Lead, with the ability to manage processes, maintain records, and support smooth execution across teams. Certified in Agile methodologies and Design Thinking, with a practical mindset focused on operational efficiency and attention to detail.

Education

Vellore Institute of Technology, Bhopal

B.Tech — Computer Science (Cloud Computing & Automation)

Sept 2023 – Ongoing

CGPA: 8.54/10

Skills

People & Operations: Stakeholder Coordination, Team Collaboration, Record Keeping, Workflow Support, Task Tracking

Communication & Documentation: Professional Writing, Structured Reporting, Documentation, Requirements Gathering

Data & Reporting: SQL (PostgreSQL, SQLite), Python, Data Querying, MS Excel, Spreadsheet Management

Business & Process: Agile Methodology, SDLC, Design Thinking, Root Cause Analysis, Process Improvement

Tools: Git, GitHub, Postman, Docker, GitHub Actions, AWS, Bash, Linux

Projects

DocuCraft | *FastAPI, React, PostgreSQL, Docker* | [GitHub](#) | [Live](#)

Mar 2026

- Designed a structured PostgreSQL data model to track user activity, download history, and usage patterns for organized record keeping and reporting.
- Translated user requirements into 3 REST workflows for generating PPT, DOCX, and PDF outputs, showing structured process handling and execution.
- Documented system flow, deployment steps, and release processes, reducing deployment time to under 3 minutes.

HotReload | *Go, fsnotify, CLI, Process Automation* | [GitHub](#) | [Demo](#)

Mar 2026

- Identified a recurring workflow bottleneck and built an automation solution that eliminated manual restarts, reflecting a process-improvement mindset.
- Reduced redundant triggers by 80% using measurement-based analysis, demonstrating attention to detail and efficiency focus.
- Documented a modular workflow architecture with clear responsibilities, supporting maintainability and smooth handoff.

Forge Todo App | *FastAPI, React, PostgreSQL, Docker, GitHub Actions* | [GitHub](#) | [Live](#)

Mar 2026

- Modeled a task-management workflow into a clean PostgreSQL schema, supporting organized record keeping and structured task tracking.
- Automated build and release steps using CI/CD, improving repeatability and reducing manual effort in routine operations.

Certifications

- [IBM DevOps, Agile & Design Thinking](#)
- [Microsoft Azure Data Fundamentals \(DP-900\)](#)
- [Postman API Fundamentals Student Expert](#)
- [Google IT Support Professional Certificate](#)
- [Google Gen AI Academy \(2025\)](#)
- [IBM DevOps Fundamentals](#)

Achievements

- **PR & Outreach Lead** — Health O Tech Club, VIT Bhopal — led stakeholder communication, cross-team collaboration, event coordination, and structured documentation of club initiatives and outreach campaigns.
- **Ranked 1st** in Google Gen AI Exchange Program 2025 — recognized for analytical excellence, structured thinking, and problem-solving across participants.
- Contributed to multiple open-source repositories during **GSSOC 2024** and **Hacktoberfest** — collaborated across teams, reviewed codebases, identified issues, and documented improvements.
